

Bolivia July 24th, 2009

Thanks for all of your prayers, they are the foundation of this Mission Trip. Thank you for your e-mail they encourage us and keep us going.

The trip to the Concha (Market Place) was very successful. We were able to buy all the plates, bowls, cups, silverware for feeding the Children. Thanks to all of you. We also found a 3 burner propane heating table that will be used to feed the children.

Every night this week they have been having a visiting Pastor come to their Church to speak. On Wed morning there must of been a cancellation because Pastor Aaron ask me to speak that night. Larry said it was ok with him for me to give the lesson. God is so so amazing ,the day before during fellowship time with the Lord, He had put on my heart a study on Old Nature vs New Nature. They told us we would have probably 3 people that we could use as a translator. The Service was at 8 o'clock and no translator. Praise God, that morning I had worked with a girl on making gifts for their 27 Anniv. of the Church, and she spoke English. By God's appointment she was there at the service and translated for me. What a beautiful job she did. The Holy Spirit spoke through me God's message that He wanted them to hear. Praise God.

Pastor Israel ask if I would also do a lesson for the Adults Sunday morning. He ask me if I would give it on the Body of Christ. So all day today we have been seeking the Holy Spirit on what He wants presented.

Does any one remember that song on: God use my mouth to speak your word, use my feet to, my hands to..... Also there is another song, about if we are hands and feet of Jesus why aren't the sick healed and the demons cast out. If any one can help me with these songs please let me know on Saturday. Thanks

Please pray for Natty, Pastor Jamie's sister, she is having a lot of problems with her eyes.

Love in Christ Larry and Kay
