

Pesqueira Church Report

October, 2008

Dear Help Ministries,

Before I start this report, I want to thank you for all your help to the ministry in Pesqueira. We believe God will do amazing things this year through Help Ministries and the mission outreaches.

We believe and have faith in God that, because His people live by faith, we can be assured the situation in the United States right now with the economy, is in God's hands. We want you to know that we are praying for you and your country. So, we know that God is in control of everything and will take care of His children.

We want to share with you about our new family in the church. They just arrived in Pesqueira and Cristina, the mom, came to our church because of her kids that come to the services every Saturday. She accepted Jesus and we believe her husband will too. He comes to church with her, and we know that faith comes by hearing the Word of God.

This family has been coming to the church for about a month now. They are very happy because of what God has done in their children, and Cristina knows that they are an instrument in God's hands.

Their names are Anastasio (father), Cristina (mom), Rufina, Fausto, Mariana and then seven more children in this family. It is a big family. We know that the kids are helping us bring the Word of God to their house and that God will open their hearts to receive salvation.

We ask you to pray for them and for Pesqueira, as well as the families from the north, the south, the east and the west. We desire to reach out that they all will be saved and will know Jesus.

Greetings from the church in Pesqueira!

We love you,

Balthazar & Beatriz.
