

# SOS Radio Church Report

November, 2008

Dear friends,

I wish to give you thanks for your prayers and for your love for us. I have the joy to share with you our report concerning The Family Conference 2008. On November 21, 22 and 23 we had the third Family Conference.

From the beginning this conference brought us amazing results and this encouraged us to go on in the next year. This year we had 30 registered families from church, radio listeners and unsaved families. Also we had people that came without any registering.

We had, also, 20 singles who decided to register for marriage preparation. I must say, too, that we had several pastor families that came from other cities. We had sessions about relationships and parental and financial help.

At the financial session we invited a special guest who is the regional director of one of the greatest banks from Romania. His session was about solutions for families during the financial crisis. It was great teaching. He explained how the world got in crisis and what the families need to do during this time.

The other sessions were prepared by people from our staff. It was a great accomplishment in organizing this conference. We had our teenagers that worked on design, invitations and for The Kids Club during the conference. We offered good teaching, great resources, vow renewals and gifts. The conference ended by a great romantic dinner at a restaurant for all in attendance. We worked a lot, spent a lot, but it was deserving. It is a great joy and fulfillment to see how God touched the families and how He bonded again the couples.

Tonight, before I wrote this report, I received mail from a pastor family that attended our conference. They brought thanks to us for having invited them and said that it was a great inspiring conference and they decided to organize a family conference in their city. Praise the Lord! I remember a prophecy that our church received within three years ago. God told us that He called SOS Church to encourage the families.

We are very thankful to God for using us in such a way.

Please continue to pray for our ministry to have a great impact in Ploiesti and Romania.

With love in Christ,  
Marian and Cristina Nastase  
Pastor at SOS Church Ploiesti
