

October 2008

Dear Friends,

I hope this report will find you near God, in faith and hope. I know that we are passing difficult times, but God is in control and I know that He will provide all that we need for lives and ministries according to His promises.

It is time to share with you about our activities, challenges and vision. This report will include:

- Kids Club
- Ministry of prayer on website
- The harvest day

As you know, my wife Cristina is a preschool teacher. She has a great heart for children and even she is so busy with her job and family she is doing a great work with the kids. In September with the help of Hanna, an English girl, Cristina started the Kids Club.

Every Saturday they met with the kids for having fun, plays, music, games and a lot of toys. Hanna worked as volunteer and brought a lot of great materials from England.

Also, we had a lot of teenagers volunteers from church. Every Saturday they had a parties and fun. We had children from our church, from others but also from unchristian families.

The next thing that I want to write you about is [the prayer center](#) that we have included on our website. We have a lot of visitors every day and now they can subscribe for a prayer request and for the prayer chain. Every

Wednesday we are praying with all the church for the prayer requests that are coming by internet and mail. It is a great spiritual fight because we have received requests like: Please pray for my sister who is going to witches and she has magic effects of these. Or . . . Please pray for me because I'm hearing strange sounds in my room during the

night". So, we pray for a lot of requests of radio listeners and people that visits our webpage. I have received also good reports from people that visits our web pages and testified that they are closer to God and they seen that God is listening our prayers. Also, we are a part of the national prayer network and we are praying for all nations and special for Romania. We have prayed for God's help during this global financial problem and for your country election.

Also, last Sunday we have celebrate God's faithfulness on the Harvest Day. It was a day of joy, thanksgiving and a opportunity to evaluate before God our fruits. We have declared in SOS Church that October is the month of fruits.

So, every masage that will be preached this month will be about fruits. The first Sunday I have preached „You are the fruit of Christ". And 1st Sunday the mesage was „You have a duty to bring fruits". We had, also, some testimonies about God faithfulness.

As you can see in the photos we had a great decorative work. Finaly we had a special seed offering as a gift to God recognizing His power to provide. The people brought their material gift to God. We will use the money for winter bills that are very big. Last winter in January we have paid 1200\$

just for heating. So, you can imagine how much faith we need during the winter.

After the service we had coffee, cookies and fruits for all people. The teenagers had a lunch together at the Radio and it was a nice fellowship.

I will finish this report by saying thank you for your prayers and for your financial help in Romania.

With love,  
Pastor Marian and Cristina Nastase,  
SOS Church Ploiesti, Romania

Our vision is “We are living to fulfill God’s will, loving Him with all our heart, and to winning the lost for Christ.”
