

**September 2007**

**The SION Church from Ploiești is sending you blessings and is greeting you with Isaiah 35.**

**We can say with joy this year was full of blessed events from God. I would like to present a few of them.**

**More than 40 people received Christ as personal saviour. Here is a story of one of the new believers:**

**Rahoveanu Ionel was an addict to drugs, alcohol and cigarettes. He would also cut his body. He was a rebellious person and had a bad relationship with his family, friends and neighbors.**

**Now he is a new person being involved in our praise and worship team.**

**He is telling others: 3 times God saved my live, once a wagon passed over me and broke my rib, second I had jumped right in front of a car and I do not know what happend but I woke up at the hospital, everyone was thinking that I had passed away. From that accident I have a few metal supports in my feet.**

**The third time I was digging under a big cliff and it collapsed on me. In one moment I was buried alive. In those moments I had no understanding why these things were hapenning but now I know God had a plan**

**for me, preserving me to receive the real life from Him**
