

Some activities that we have had in the church were to motivate the children to invite others to church.

We've celebrated children's day and motivating the children by rewarding the child that has invited the most children during the year and also for class participation.

Some of them participated by bringing 2 to 4 other kids each.

September 16 was Mexican Revolution Day in Mexico and a Mexican guard represented Mexico in the Church for the children, it was a good time. Because it teaches the child that just as Mexico was free because it achieved its independence, God gave us salvation through His Son Jesus Christ, who gave us freedom from the bondage of sin.

In our Sunday Reunions we have had great attendance of adults averaging between 30 to 50 people of whom are married and youth.

Two adults and one young girl have accepted Jesus Christ.

God is doing great things in people's lives. A gentleman who came with embolism could not retain its urges to go to the bathroom and now he can, the Lord completely healing him. He was not able to move his legs and now he is walking without the help of his wife. Isidore has a lot of faith in God. Mark 11:23

We have been having weekly meetings with the youth and once a month we have a fellowship so they can be more involved and develop relationships amongst themselves and also with the goal of inviting more youth to the youth crusade.

The reason why we have not sent pictures is because the camera is not taking good pictures, so we need to get one so we can send you pictures in the future.

Blessing,
Beatriz y Baltazar
